COMPANY Augusta Electric Company

DATE ORGANIZED unknown

WHERE ORGANIZED Augusta, IL

FOUNDER(S) unknown

NATURE OF BUSINESS Supplier

Subsequent names or significant changes resulting from acquisitions, consolidation, sales or bankruptcies:

DATE

	DATE

REMARKS There is virtually very little information found in trade journals although there are several companies by this name in states other than Illinois. The only reference found in two 1909 publications indicating the company supplied telephones and switchboards. It is likely that the company purchased their telephones from Williams Telephone Company and added their own transmitters.
